Adaptability | Workplace Integrity
Remote Work | Problem-Solving

EDUCATION BACKGROUND

Full Stack Web Development

Masai School , Bangalore

Feb 2022 - Dec 2022

B.E. Mechanical Engineering

KDK College Of Engineering

Aug 2016 - Sep 2020

WORK EXPERIENCE

○ Intoglo Pvt. Ltd.

- Chennai

Associate Software Developer

Mar 2023 - Jun 2024

- Developed core features for **gloTrack** a client-facing web application that provides users with real-time shipment tracking and comprehensive shipment details, including location updates, status changes, and estimated delivery times.
- Engineered a robust and scalable **Carbon Emission Calculator** for international shipments, achieving **90%** accuracy using relevant Google Map service.
- Contributed to developing and launching an **AI-driven HS Classification system** for exporters.
- Design and developed frontend mobile-friendly web applications using **Next.js**.
- Developed secure backend functionalities, including **RESTful APIs** using **Node.js** and database models with migrations, ensuring a seamless user experience.
- Reduced manual data processing time by **40%** through web scraping automation and **AI summarization**.

○ Codiant Software Services

- Pune

Full Stack Developer

Jan 2021 - Feb 2023

- Developed and maintained dynamic, mobile-friendly web applications using **React.js**, **Next.js**, and **Node.js** focusing on high-performance and responsive design.
- Expert in creating user validation forms and integrating **RESTful APIs**, ensuring seamless communication between frontend and backend while maintaining data integrity and security.
- Extensive experience building full-stack eCommerce applications with **MERN** stack, optimizing SPAs using **Redux** and **Webpack**, and implementing SEO for better search visibility.

PROJECTS

○ Email Intelligence

Developed a web application utilizing the Google Gmail service to extract and analyze email threads and comprehension through **AI-powered summarization**.

○ MuscleFit

Developed a web application that provides customer-based customized workout plans & tracks them.
